

# Data Sharing Opt-Out Form – see overleaf (please tick as relevant).

Common Health & Information Exchange (CHIE) – (Refused consent for upload to local shared electronic record - XaKRw)

\*I do NOT wish to have a Hampshire Health Record (now called CHIE).

Summary care Record – (Express dissent for summary care record dataset upload – XaXj6)

\*I do NOT wish to have a Summary care Record

## What does it mean if I DO NOT have a Summary Care Record?

NHS healthcare staff caring for you may not be aware of your current medications, allergies you suffer from and any bad reactions to medicines you have had, in order to treat you safely in an emergency.

Your records will stay as they are now with information being shared by letter, email, fax or phone.

If you have any questions, or if you want to discuss your choices, please:

- phone the Summary Care Record Information Line on 0300 123 3020;

## National data opt-out

I do not wish for my GP practice to share any of my data for any purpose beyond my personal care  
(Dissent from secondary use of GP patient identifiable data – XaZ89) – Type 1 data

If you wish to opt out of the National Data programme whereby NHS Digital can share your data outside of the NHS for research and planning purposes you will need to do so via this online route <https://www.nhs.uk/your-nhs-data-matters/>, by telephone 0300 303 5678 or by post using this form [https://assets.nhs.uk/prod/documents/Non-Digital\\_Opt-Out\\_Form\\_V14.pdf](https://assets.nhs.uk/prod/documents/Non-Digital_Opt-Out_Form_V14.pdf) (*this opt out cannot be done by your GP surgery*)

Other NHS Providers (such as District Nurses, over 75s nurses, podiatry, leg ulcer clinics, diabetes services etc)

\*I do NOT wish for any part of my medical record to be shared with other services within the NHS

**\*I confirm that if I have not ticked a particular box then I am consenting to share data with other healthcare providers.**

Section A: it is important that you complete this section accurately and please use BLOCK CAPITALS

Title	
Forename(s)	
Surname	
Address	
Mobile phone No.	*I do NOT Consent to receive text messages <input type="checkbox"/>
Email address:	*I do NOT Consent to receive emails <input type="checkbox"/>
Date of Birth	
NHS Number (if known)	
Patient's signature	
Date

Section B:

Your name	
Relationship to patient	
Your signature	
Date	

Please hand this form into your GP practice (or if signing on behalf of someone else, their GP practice)

## Data Sharing

### **Why is information collected about you, how may the information be used and who will be collecting it?**

**Care and Health Information Exchange (CHIE)** is an electronic summary record for people living in Hampshire, Portsmouth and Southampton. GP Surgeries, hospitals, social care and community care teams collect information about you and store it electronically on separate computer systems. The CHIE stores summary information from these organisations in one place so that, with your consent, professionals can view it to deliver better care to you. This record contains more information than the SCR, but is only available to organisations in Hampshire. For more information visit [www.hantshealthrecord.nhs.uk](http://www.hantshealthrecord.nhs.uk) or phone 0300 123 1519

**Summary Care Record (SCR)** (in this area since Sept 2013) is a record that will contain important information about any medicines you are taking, allergies you suffer from and any bad reactions to medicines that you have had. This does not include diagnosis or procedures. Giving healthcare staff anywhere in the country access to this information can prevent mistakes being made when caring for you in an emergency or when your GP practice is closed. For more information visit <https://digital.nhs.uk/summary-care-records> or phone 0300 123 3020

### **National data sharing**

Information about your health and care helps the NHS to improve your individual care, speed up diagnosis, plan your local services and research new treatments. NHS Digital has a legal responsibility to collect data about NHS and social care services. The NHS can't analyse all information on its own, so they safely and securely share some with researchers, analysts and organisations who are experts in making sense of complex information. We only share what's needed for each piece of research, and wherever possible, information is removed so that you can't be identified. You can choose not to have information about you shared or used for any purpose beyond providing your own treatment or care.

For more information visit <https://www.nhs.uk/NHSEngland/thenhs/records/healthrecords/Pages/sharing-your-records.aspx>

### **Sharing with other NHS Providers (via our computer system known as TPP SystemOne)**

Sometimes it will be necessary for us to refer you to other NHS providers who use the same clinical system as us (TPP SystemOne). It is of great benefit if that other provider can access basic information on your health to assist with the referral process (medications, summary of health problems, allergies) and in return we can see the outcome of this referral quicker. By consenting to share out they can see your data and by sharing in, we in return can see outcomes of your consultation/treatment with them.

**You have a choice.** Complete the reverse side of this form to express your preferences.

You have the right to prevent confidential information about you from being shared or used for any purpose other than providing your care, except in special circumstances.
